Guided by the USEF 2017 rules

Welcome to our charity event, The Pink Ribbon Classic Charity Horse Show hosted by Equestrian Charity Events, a registered 501(c)3nonprofit. We are honored to be the 2016 UPHA CH 13 Honor Show of the Year what a great award for all the hard work our volunteers put into the event.

We will host a full slate of fun events from competitive classes for many breeds and disciplines to our award winning hospitality and excited to keep up the momentum from last year. You are invited to have fun and entertain the spectators showing off your incredible horses and come Ride for the Cure.

Returning again this year is Jan Sharp and her trick horse and mini, & Holly Armstrong and her famous Silver anniversary Breyer horse Paddyngton's Mark of Distinction, AKA Marcus. Friday night, will host a Dunk and Donate a dunk tank fund raiser and Saturday returns with the best exhibitor's party. Great food and dance music provided by Mike "the DJ" Cunningham & JAM Stables, and a *corn hole* game might be in the works.

We hope that you can support our event as well as our cause. If you cannot be an exhibitor please come as a spectator, or consider making a tax deductible donation to our cause. Thank you to all the volunteers who help make this event happen!

Breast cancer ranks the second leading cause of cancer death for women in Ohio, and nationally 95% of breast cancer occurs in women 40 or older However, mortality rates have decreased since 1989. Improved mammography screening and early detection along with better treatments and awareness have made breast cancer a more curable disease. Please get your annual mammogram. www.Healthyohio.org

Additional forms and prize lists updates on our website Or like us on Facebook.

- 24. <u>UPHA \$250 ADDED CLASSIC</u>. Please visit the UPHA website for class & rule information <u>www.uphaonline.com</u>

*Cancer* is a disease in which cells in the body grow out of control. When cancer starts in the breast, it is called *breast cancer*. Except for skin cancer, breast cancer is the most common cancer in American women.

**A mammogram** is an X-ray picture of the breast. Doctors use a mammogram to look for early signs of breast cancer. Regular mammograms are the best tests doctors have to find breast cancer early, sometimes up to three years before it can be felt.

Most breast cancers are found in women who are 50 years old or older, but breast cancer also affects younger women. About 11% of all new cases of breast cancer in the United States are found in women younger than 45 years of age.

Many factors over the course of a lifetime can influence your breast cancer risk. You can't change some factors, such as getting older or your family history, but you can help lower your risk of breast cancer by taking care of your health, for example keeping a health weight and exercising, like riding horses!

We are honored once again to be the 2016 UPHA Chapter 13 Honor Show of the Year.
