BEING AN EQUESTRIAN is something that I'm forever grateful for, because it's such a big part of who I am today! Riding and showing has given me some of my best friends and most cherished memories. I have learned through horses to be independent and responsible, and I'm proud of myself for working so hard for all of the opportunities I'm lucky to have been given! Nothing is easy, but now I possess the skills to be able to accomplish so much.
